Motion to change the policy of dividing PONY LEAGUE TEAMS presented last month by Dale Seiter; seconded by Rick Parrish.

CURRENT WAY

At team declaration Pony teams are chosen to be in a respective division based on the luck of the draw with the number of 2nd year teams and 1st year teams being divided as equally as possible among each division. These teams then play each other in the PONY league one time.

PROPOSED WAY FOR 2006 AND BEYOND

At team declaration PONY teams would declare 1st or 2nd year based on the age of their players. Mixed teams would be required to declare based on the number of 2nd year kids on their roster. If a team has 4 or more 2nd year players, they must declare as a second year team

American League and National League would then be split with 1st year teams being placed in one division and 2nd year teams being placed in the other division.

1st Year Teams: Schedules would be built whereas the 1st year teams would play the other 1st year teams in their respective division twice during the year with the balance of the total games to be played for each team being randomly selected from the other division that is comprised of 2nd year teams.

2nd Year Teams: Schedules would be built whereas the 2nd year teams would play the other 2nd year teams in their respective division twice during the year with the balance of the total games to be played for each team being randomly selected from the other division that is comprised of 1st year teams.

There must be at least 6 1st year and 6 2nd year teams for each division or this reverts to the past way of team selections.
