14. Play is dead when: SUPER PEE WEE ONLY - Play is dead when a player enters the pitching circle with both feet and the game ball. At that time any player less than half way to the next base must return to the base from which he came unless forced. If the player is over half way to the next base he may advance to said base. The pitcher will be given a chance to make a play on any base when fielding a batted ball within the circle, OR Play is dead once the lead runner is stopped and the umpire has declared the ball dead and called for time (as in Pony League). BAMBINO ONLY - Play is dead once the lead runner is stopped and the umpire has declared the ball dead and called for time (as in Pony League).

Change to – Play is dead once the lead runner is stopped and the umpire has declared the ball dead and called for time

6. A one hour and fifty minute (1:50) time limit will apply. If at the end of the last inning played the score is tied and the time limit has run out, the game shall be recorded as a tie. If at the end of seven innings, the score is tied and the time limit has not been reached, the game will continue under international tie-breaking rules until one team is ahead at the end of the inning or the time limit is reached. The international tie-breaking procedure places the last batter to complete his at-bat from the previous inning at 2nd base to start each half-inning. The game proceeds normally in all other aspects. The standard 1:50 game time still applies, no additional game time is added for breaking tie games. Tie games will be recorded as one-half a win and one-half a loss in the standings. Tie games will be considered as final and WILL NOT BE REPLAYED even if determining a single winner could influence the final standings.
